PREFACE.

As the population, wealth, commerce, and literature of a city increase in magnitude, so in proportion must the necessity increase for a reliable Directory, containing the names of heads of families, with their occupation and places of residence; also, business men, with their place or places of business, and such other information as may be useful to citizens and strangers. The result of the canvass just concluded discloses a greater increase of population during the past year than any preceding year in the history of Brooklyn; so, in proportion, regardless of labor and expense, we have used every endeavor to improve and perfect this work.

We do not complain of our patrons during the past year, as our entire edition was exhausted in time to find some of the hangers-back or price disappointed in securing a copy at less than the regular publishing price, two dollars a copy. The same policy will be pursued this year: no more has been printed than can be sold at the price heretofore charged.

Any change in the names of streets, under the law recently passed for that purpose, will be carefully noted, and published in our future works.

With perfect publishing facilities, we feel confident we can keep pace with the onward march of improvement.

Aspiring, as heretofore, to put you in the right way, and to direct your paths, all we ask in return is, your willing patronage and support from year to year.

SELPHO'S PATENT ELASTIC LEG AND HAND.

WILLIAM SELPHO, Inventor and Patentee,

516 BROADWAY, N. Y., opposite the St. Nicholas Hotel.

"The best of all is the proof of those who wear them—this is positive and undeniable."
—VALENTINE MOTT, M. D.

This new invention, combining all the advantages of my Celebrated Anglesey Leg, with the great improvement of the elastic side motion of the ANGLE JOINT, NEVER BEFORE SUCCESSFULLY IMITATED, is now offered with confidence by the subscriber, (after nearly thirty years' practice in his profession,) as THE BEST substitute the world affords. **Proof:**

"Mr. SELPHO: I walked four miles yesterday with the new Elastic Leg, on rough, frozen ground. You have, indeed, copied the life-like elasticity to an extent I have never dreamed of. I cannot express to you my thanks."
—ALBERT STONE.

Also, SELPHO'S PATENT HAND, a highly useful substitute for a lost hand, so arranged that the wearer can open and shut the fingers, pick up articles, use a knife, fork, &c.

SHEPARD'S SUPERIOR RANGES.

CHAS. J. SHEPARD'S
Desirable Cooking
RANGES,
EIGHT SIZES.

THE EXTRA LARGE FOR
HOTELS AND DINING SALOONS,

LESSER SIZES FOR
BOARDING HOUSES,
And Four Sizes expressly for

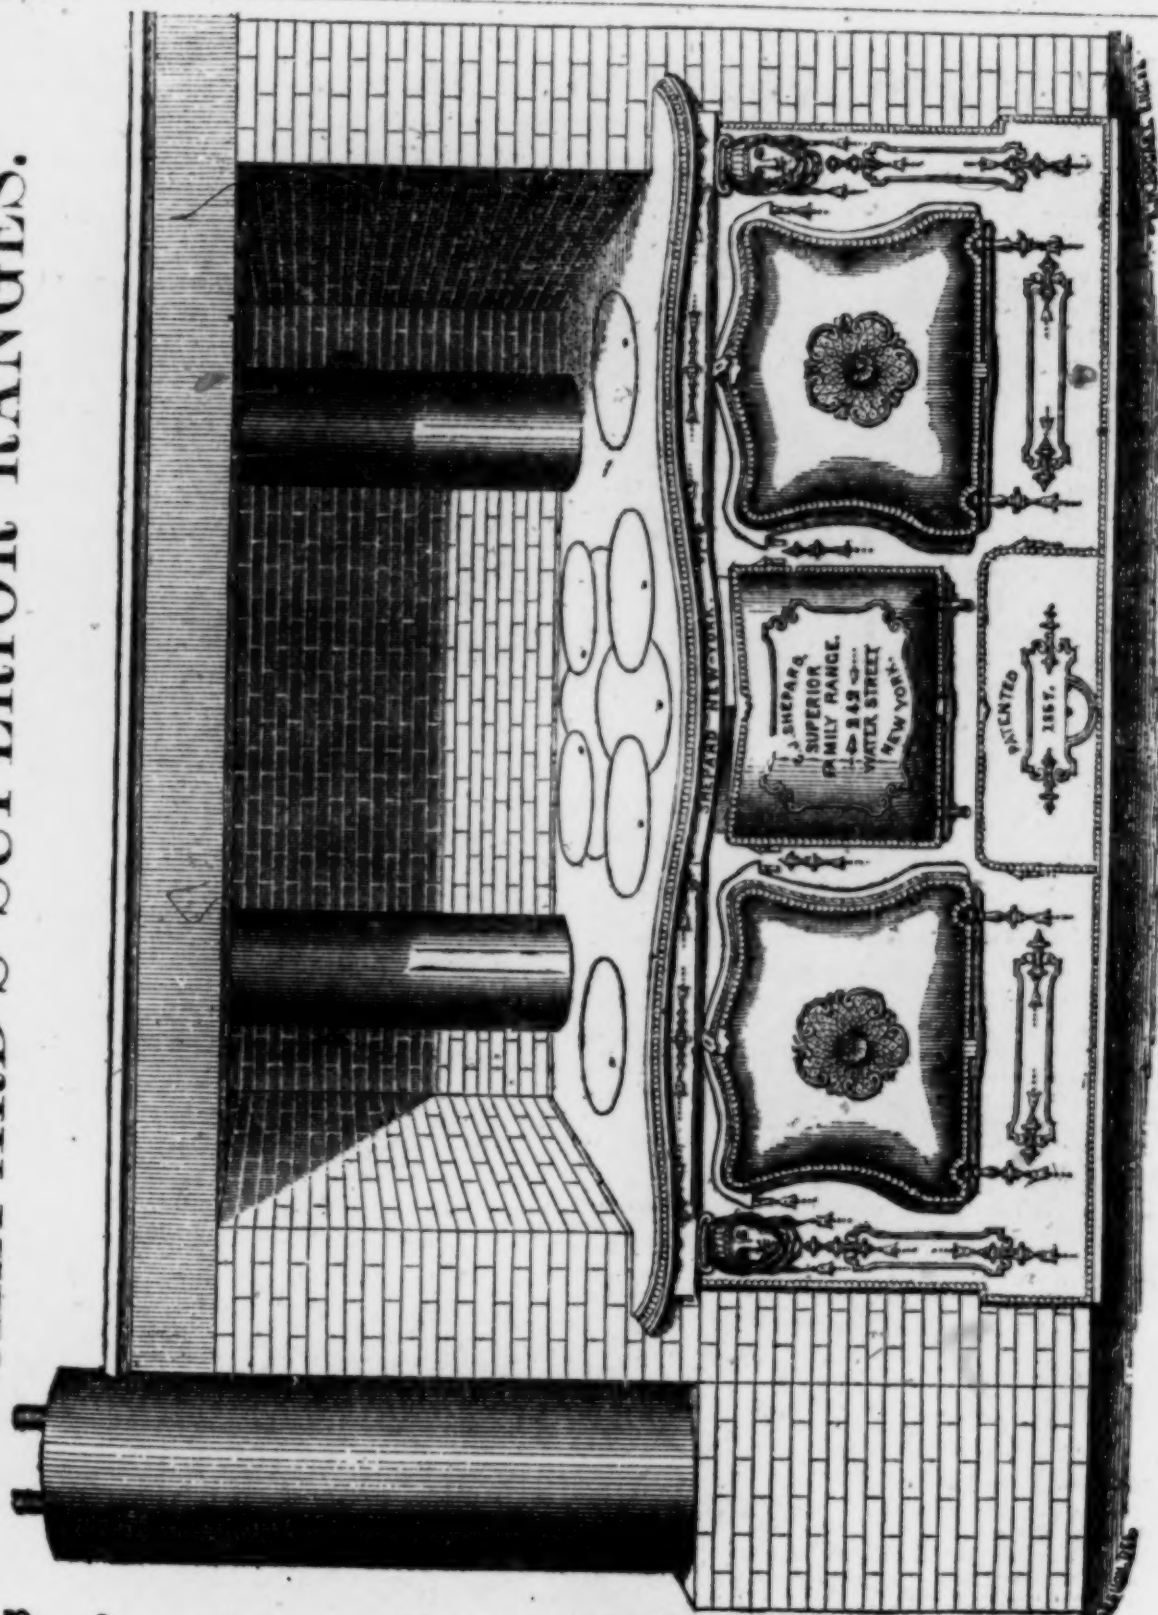

FAMILY USE,
Consuming far less Fuel than
any other Range, com-
pleting all cooking in
the most desirable
manner.

Salesroom, 242 Water St., N. Y.

An examination of Shepard's Superior Ranges will satisfy all, that nothing is offered to equal them in style, economy, efficiency or durability. Their economy is unquestionable. The cost of a Range will be amply repaid in the great saving of fuel. The superior Baking and other culinary operations, by their perfection alone, would also save much that is now wasted.

These Ranges are extra strong and durable, no weight of metal or expense has been spared to make them complete.

SALESROOM,
242 Water Street, N. Y.

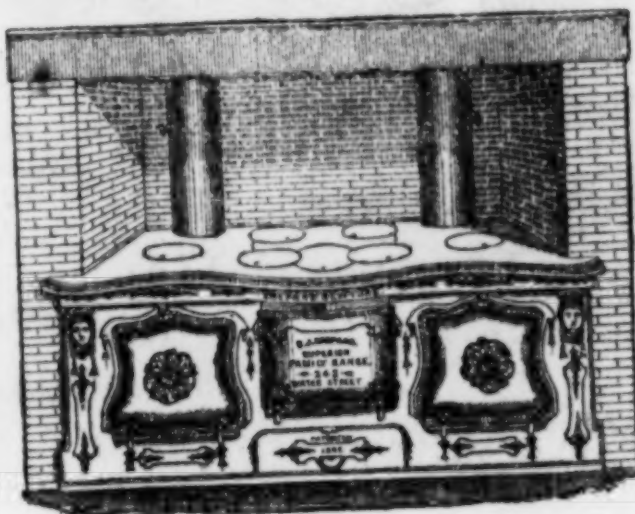

SHEPARD'S SUPERIOR FAMILY RANGES.

GOOD COOKING.

A PERFECT OPERATING
RANGE
Is one of the most desirable articles for
HOUSEHOLD USE.

BY IT ALL THE
WATER
for Bathing, Washing,
and culinary purposes may be
heated.

GOOD COOKING.

What conduces more
to the comfort of a
family than a good

RANGE?

Does it Bake and Roast
to perfection? are the first
inquiries.

Cake, Bread, Pies, Pastry, &c.,

can be baked as well as
in a brick oven, and the
Roasting is most perfectly
accomplished.

TESTIMONIALS.

From R. M. Shatton, Novelty Iron Works, No. 167 East
18th Street.

New York, 8d Mo. 18, 1858.

Charles J. Shepard—

Esteemed Friend—During the past 12 years, I have
used in my kitchen three different styles of Ranges,
and I do not hesitate to say that thine, for all culinary
purposes, is a far better article than any we have here-
before used. In Baking, it cannot be excelled. In Roasting,
in a tin oven in front, it has performed that part as
well as any other. The amount of fuel consumed in
performing the same work is fully one-third less than
any other Range ever used in my family, and it is so
simple in its arrangement that I cannot see how any
person can mistake its use.

Very respectfully,

R. M. SHATTON.

From the Darcy House, Jersey City.

Jersey City, March 5, 1858.

Mr. Chas. J. Shepard—

Dear Sir—We have had one of your largest size
Cooking Ranges in use at our Hotel (Darcy House),
Jersey City, and find it to answer all our expectations,
and would recommend it as being one of the best
Ranges in use.

Yours,

TAYLOR & SYLVESTER.

From Wm. Hickok, Esq., Minnesota Mining Co.

New York, Feb. 17, 1858.

Mr. Charles J. Shepard—

Dear Sir—I have never had any convenience for
cooking which has pleased me as well as your Range.
It consumes much less coal than I had supposed possible,
and the ovens furnish the most finished baking.
Either for Baking, Roasting, Broiling, or any kind of
family cooking, it is very complete.

Yours, truly,

WM. HICKOK.

From H. B. Scholes, Esq., Iron Founder.

Bedford Av., cor. Ross St., Brooklyn, March 2, 1858.

Mr. Chas. J. Shepard—

Dear Sir—Your Range has given perfect satisfaction.
I can recommend it as a good family Range, combining
simplicity, economy, and durability, and one
that servants can manage. It has never spoiled a
dinner, and bakes bread to perfection.

Very respectfully,

H. B. SCHOLES

From Chas. S. Hine, Esq., Stamford, Conn.

18 Bowery, N. Y.

Mr. Chas. J. Shepard—

Dear Sir—Your Range exceeds the high character
which you gave it when I purchased. Nothing I have
ever had has given my family such perfect satisfaction,
or executed as much work with as little expense. It
consumes far less fuel than any Range I ever had—a
ton of coal per month is amply sufficient. The Broil-
ing and Roasting arrangements are very superior, and
I think I never saw more finished baking even in a
brick oven. You have the most perfect Cooking Range
for family use ever offered.

Very respectfully, yours,

CHAS. S. HINE

From David Syme, Sup't Public School No. 6.

Brooklyn, March 9, 1858.

Mr. Chas. J. Shepard—

Dear Sir—The Range has given, and continues to
give, entire satisfaction.

I find, after a trial of ten months, that you had
overrated its excellent qualities. Its fitness and
economy are unquestionable.

You deserve great credit for supplying the public with
an article so well adapted for culinary purposes, and
at a price so reasonable.

Yours,

DAVID SYME

SHEPARD'S RANGE TESTIMONIALS.

From Thos. B. Stillman, Esq., New York.

Mr. Chas. J. Shepard—

Dear Sir—I shall not fear an appeal to any mem-
bers of my family, who have had the privilege of using
your Range, in verifying all that I have to say in regard
to its merits.

For convenience, it excels any Range I have ever
used, in the adjustment of the cooking utensils, and to
the ovens as well as to the grates, in which you have
made a great improvement.

In efficiency, your Range has no superior within the
compass of my knowledge, both for the various kinds
of cooking and for baking, for which it is superior.

In economy, I find a great advantage over any other
Range I have ever seen—the consumption of fuel being
far less than usual.

Yours, truly,

THOS. B. STILLMAN.

From Rev. P. J. Van Pelt, 78 Hammond St.

New York, Feb. 23, 1859.

Mr. Chas. J. Shepard—

Dear Sir—It gives me pleasure to say, that your
Kitchen Range gives entire satisfaction.

Yours,

P. J. VAN PELT.

"WEST'S HOTEL,"

Sandusky, Ohio, Dec. 29, 1858.

Chas. J. Shepard, Esq.—

Dear Sir—Your Range has been in constant use in
our hotel for four months, during which the State Fair
was held at this place, when we cooked for over eight
hundred persons.

It gives us pleasure to state that it did its work ad-
mirably.

Mr. Thos. Skank, our chief cook, who has been in
the business for the past thirty years, says it is the best
Range he ever saw; it heats very quick, and does not
get out of order. We are very much pleased with it.

Yours, respectfully,

W. T. & A. K. WEST,

Proprietors.

From F. G. Berneau, Esq., Chicago.

Chicago, Jan. 27, 1859.

Mr. Chas. J. Shepard—

Dear Sir—It gives me pleasure to certify that for
the last eighteen months, I have been using one of your
Ranges. I have found it far superior to any I had used
before, as to convenience for cooking; and as to saving,
it certainly consumes much less coal than any of the
other Ranges I have used.

Yours,

F. G. BERNEAU,

Principal of an Institution for Young Ladies, Chicago,
Illinois.

From David Drake, Esq., Lenox Fire Ins. Co.

Hudson City, N. J.

Chas. J. Shepard, Esq.—

Dear Sir—The Range purchased of you has given
entire satisfaction, consuming but about one ton of
coal in fifty to sixty days—baking to a charm; and the
Roaster (which, by the way, is a great addition) gives
us meats and poultry cooked in the old-fashioned style.
Instead of being baked in the side ovens, which, as all
epicures know, is a very unsatisfactory method of cook-
ing—most meats, &c.

Very truly, yours,

D. DRAKE.

From "Sailors' Home," Cherry Street.

Sailors' Home, New York, 23 Feb., 1859.

Mr. Chas. J. Shepard—

Dear Sir—The Cooking Range you placed in the
Sailors' Home about four months ago, has been in con-
stant use ever since, and I permit us to say, that it has
acted like a charm, and gives entire satisfaction in
every particular.

It has all the good qualities for what it is intended
—and my wife (who has charge of the culinary depart-
ment) desires me to say, that it consumes about one-
third less coal than the one you removed, though of
the same size; and it also Broils, Bakes, Roasts, and
Boils to perfection. She says it has no superior, and if
you attempt to make any improvements in it you will
spoil the whole.

Respectfully yours,

ED. WALFORD,

For RICHARDSON & WALFORD, Superintendents.

From G. W. Fordham, Chief Steward of the Collins
Steamer "Adriatic."

March 1, 1858.

Mr. Chas. J. Shepard—

Dear Sir—After using one of your Superior Family
Ranges for nearly a year, it gives me pleasure to state
that its operation has always been very satisfactory.
Having used previously several descriptions of Ranges,
and after canvassing their merits, I have found that
none of them possessed such an admirable combination
of excellent and desirable qualities as is to be had in
yours.

Your Range excels others in its simple construction,
its easy management, in the convenient arrangement
of the cooking utensils, in the two fine operating and
large ovens, which well supply the place of the old-
fashioned brick oven, and in the sliding fire-grate,
which operates instantly and effectively in clearing the
fire-place, without the usual annoyance of flying ashes.

But a more special and important advantage, one
that housekeepers cannot fail to appreciate, is in the
great economy of your Range. It certainly requires
but very little fuel, and it is so constructed that it is not
liable to get out of order.

You can, therefore, safely say, that you have the most
economical and the finest operating Range ever used.

Yours,

GEO. W. FORDHAM,

Chief Steward Steamship Adriatic.

STREET AND AVENUE DIRECTORY

OF THE

(CONSOLIDATED)

CITY OF BROOKLYN.

Corrected and revised in accordance with the latest Corporation numbers up to May, 1859.

Showing the position, commencement, and termination of each Street, Avenue, Place, Lane, Court, Alley etc., in the Consolidated City, with the junctions and crossings of the intersecting streets; also, the number of the building at the corner of each street, avenue, &c., when there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a * placed before it to denote that that number is not to be looked for on the corner of the street or avenue named.

A — denotes that there is no number on the corner or near the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule, the numbers will be found to commence westward and northward from the opening of the street or avenue, the even numbers occurring generally on the right hand side.

EXPLANATIONS.

If you wish to find the location of any number—for instance, 115 Bridge Street—on consulting the Directory you will observe that 105 Bridge is on the left hand of that street, and on the corner of Prospect, and 129 Bridge is on the left hand corner of Sands; hence, the desired location of 115 Bridge is between Prospect and Sands, on the left hand side.

The capitals E. D., when placed after a street, avenue, etc., denote that it is in the Eastern District. As there are several streets in Greenpoint, Bushwick and Williamsburgh of the same name, and all being reckoned as the Eastern District, the exact location of such streets is given in connection with the capitals E. D.

Note.—As there are two Hudson Avenues in the Western District—one running from East River, between Gold Street and the Navy Yard, south to 205 Fulton Avenue, the other from Fulton Avenue, between Brooklyn Avenue and Albany Avenue, south to City Line (Flatbush)—the latter will be designated through the body of this work by *Italics*.

"My object is to call attention to the fact, that a Policy of Life Insurance is the cheapest and safest mode of making a certain provision for one's family."—BENJAMIN FRANKLIN.

"One should insure in health, as sickness may suddenly overtake the most robust and disqualify him for insurance."

"Life Insurance the best investment—If long-lived, the insured obtains good interest on the premium paid, in cash dividends, and, in most instances, a very large return for a small outlay. In case of death, there is a great advantage over Savings Banks."

"The average length of human life is only Thirty-three Years. Of 600 persons, only 1 lives 60 years, and of 100 only 6 live 65 years."

J. H. DOUGLAS, M. D., No. 12 Clinton Place, EXAMINING PHYSICIAN.
At the Office, Monday, Wednesday and Friday, from 12 to 1 o'clock; at his Residence, every day, at 4, 5, 6 and 8 P. M.

The 15th Annual Report, Pamphlets, Blank Forms for Insurance, and information respecting Life Insurance, and the special advantages and inducements offered by this Company, furnished upon application to

JOHN HOPPER, Agent and Attorney for the Company,
METROPOLITAN BANK BUILDING,

110 BROADWAY, cor. Pine St., New York City.

A dividend has just been declared, amounting to \$30,000 (paid in Cash, not in Script, which leaves over \$1,000,000 as the available capital of the Company.

This Company is on the purely Mutual plan, and returns (in cash, not in scrip), to all holding policies, the entire surplus over and above what it actually costs the Company to carry on its business, which is conducted in the most economical manner.

It has, besides, a large guaranty capital as ample security against every possible contingency, and reserves an amount sufficient to insure all its risks in the best companies, and to make good all its liabilities.

It has never failed to declare a large dividend at the regularly stated time, and to pay it in cash; it does not, therefore, increase its liabilities by paying in scrip, retaining the money in its own hands.

The Company presents, in the 15th Annual Report, an abstract of its business during the 15 years of operation, by which it will be observed that the average annual expenses of the Company do not exceed 8 per cent.

BENEFITS TO FAMILIES.

The great and important use of Life Insurance is, to secure the wife and children against poverty and suffering, after the death of the husband and father, though it is practical and useful in a great variety of other cases.

To accomplish this, a very small saving, in most cases, answers the purpose. Five cents a day, commencing at the age of twenty-one, will insure one thousand dollars at death, whether immediate or remote, together with all the profits which may accumulate on the policy; and six cents a day, at twenty-eight years of age, will accomplish the same object.

Can it be that any father, husband or man, would be unwilling to make a little sacrifice of daily comforts, in most cases of what would be unnecessary expenses, to protect those most near and dear to him from suffering and want after his death?

The man who omits to insure his house, if it is destroyed by fire, has but little sympathy in his misfortune, and is censured and condemned for his imprudence; and what is the loss of a house without insurance, compared to the loss by a wife and children of a husband and father, without insurance on his life?

Life Insurance induces habits of economy, encourages and promotes industry, and strengthens the bonds of social and domestic duties. Those individuals who are once in the practice of making small annual contributions to a life office, for the future benefit of their friends, soon cease to feel it a burden, and cheerfully forego some worthless present gratification, to enable them to improve the future condition of their families. This prudent foresight and considerate care, on the part of heads of families, will erect a durable monument of affection and gratitude in the memories of their survivors, and exert an influence for economy and provident care in future generations.

POLICIES ISSUED FOR THE BENEFIT OF WIDOWS AND ORPHANS,

And, by the Laws of Massachusetts and New York, protected from the Husband's Creditors.

This Company has 3,200 members, and has paid, since 1844, for the benefit of widows and orphans, over \$600,000, and distributed surplus funds to its members, in cash, to upwards of \$500,000. Those who are well acquainted with the officers of the Company, and with its affairs, believe it to be one of the most reliable Life Insurance Companies in the Country. There being no profits in Mutual Insurance, the surplus is divided with the assured every five years, and paid in Cash, or an amount added to the policy, in lieu thereof, payable when a loss occurs.

It is well to remember that, in seasons of epidemic disease, the healthiest are equally liable to be seized with the less robust. Cholera, dysentery, epidemic influenza, ship fever, &c., attack those who are most exposed to their influence; and who are they but the strong, confident in their abundance of health, thinking little of danger, and neglecting those precautions which the more feeble never forget?

The accidents, which daily destroy hundreds by land and water, do not select the weak and sickly, but the victims are those who are in the vigor of life, and move in our midst full of strength, constantly subjecting themselves to the many accidental causes of death.

THE ADVANTAGE OF LIFE INSURANCE.

Elisha C. Wilcox, firm of Phelps, Bliss & Co., died suddenly of inflammation of the bowels, a disease that attacks the most robust. Mr. Wilcox was greatly beloved and respected, and insured for \$10,000 only a short time since, thinking it was the best investment he could make.

Captain Herndon, lost in the Central America, in 1857, took the precaution of insuring his life in this Company for \$5,000, which sum has been paid to Mrs. Herndon.

The late Joseph S. Taylor, Street Commissioner of the City of New York, was also insured in the sum of \$10,000, which amount was promptly paid to his widow.

Mr. Wilcox, Captain Herndon, and Mr. Taylor, took out their policies less than one year before their death, and their prospects of long life were as good as those of any man.

The late E. N. Jauncey, 34 years old, was insured for \$10,000 only one year, premium but \$108. In swimming, apparently in perfect health, from some unaccountable cause, he was seized with a fit, and sunk to rise no more. Mr. Jauncey, when he insured, remarked that he had been over-persuaded, he thought, by his friends, feeling confident that he was a long-lived man.

Two clerks, strangers to each other, left their stores in Pearl Street at night in the early part of the week, and, before the close thereof, died of dysentery. Both of these young men had lately married, and the only dependence their widows had, proved to be the sum of \$6,000, for which their husbands had insured in this Company.

C. D. W. Lillendahl, late merchant of New York, endorsed for a firm to a large amount. Before the banks would discount the paper, they required the firm to insure the life of Lillendahl. The firm failed, and Lillendahl soon after died, having been insured scarcely two years. If he had lived but a week, the Company would have been saved \$15,000, as the premium would not have been renewed. By this insurance, the firm was enabled to pay off its debts and resume business. Lillendahl's death was attributed to mental depression, consequent upon the failure of the firm for which he had endorsed.

Jacob Lichtenberg, late merchant of New York, insured for \$5,000. Shortly after, he was taken suddenly sick, immediately after eating an ice cream, and died in a few hours.

The payment of the cash distribution of thirty per cent., in 1853 and 1858, was, in effect, insuring a person during the preceding five years for three-and-one-half premiums. Some Companies are compelled by their charters to credit their distributions on the policies in the form of a bonus, payable only when a loss takes place, thus creating an immense and unnecessary capital, and depriving the members, in case of non-payment of premium, of all right to the bonus. In this Company, the distributions are a source of pecuniary relief in paying future premiums, and, in times of great financial distress, are sensibly felt. In no event does the bonus (if a member chooses so to apply his distribution) become forfeited. The cash distribution in 1858 amounted to \$235,000.

For the convenience of those who desire it, premiums will be received quarterly or semi-annually, or one-half of the amount of five premiums will be loaned to life members for a term of years, on security of the policy itself. Interest computed at six per cent. per annum.

This is not insuring on credit; for the Company gets pay from time to time, previously to running the risk—the interest on the note being taken into the account. The notes, or any part of them, will be demandable after five years from the date of the first one, on notice of ninety days, so that the Company may have command of their funds, should the same be necessary; but it is not supposed that such notes will ever need to be paid. There can be hardly a doubt that the principal may remain outstanding as long as the assured wishes.

Five annual life premiums being double the amount of the cash premium required for an insurance for the term of five years, it follows that the policy is adequate collateral security for a loan to the amount of one-half of the life premium. The Company, by this rule, never insures upon the personal credit of any member, its loans being restricted to those policies only which have a pecuniary value. The Company also aids those members who have paid several life premiums in cash, by affording them a credit in times of pecuniary distress, for subsequent premiums, to an amount equal to what would be paid them on surrender of the policy.

Annual Payment for each Hundred Dollars insured, to be calculated from the next Birthday of the Applicant.

Thus, a person at the age of thirty, in order to secure \$100 to his family, at his decease, pays annually, during his life, a premium of \$2.97; and one at forty, a premium of \$3.15.

Insurances effected on lives from 10 up to 80 years of age.

The premium on Life Insurance may be thought high, but losses are as certain to occur as death itself. Unlike Fire Insurance, every house may not be burned, but every man dies.

Tables of premiums for losses to be paid when the insured attains any specified age, or sooner, should death occur, will be furnished on application. This is recommended as an excellent method of saving money, to be returned in one large sum.

Security of New York Insurers in the New England Mutual Life Insurance Company.

The New England Mutual Life Insurance Company has deposited with the Comptroller of the State of New York \$100,000 for the security of its policy-holders in this State. With a single exception, this is the only American Company having its headquarters out of this State that has complied with this law. It will be noticed that the insurers in this Company are thus made more secure than they would be were this a New York corporation, for it would then be necessary to deposit only the same amount, while the number of insurers in the State would be much larger. The Company cannot withdraw this sum so long as a single policy is out upon a person residing in New York, thus protecting the holder from all fraud. That this is not the case when the deposit is made with the Treasurer of the State granting the Charter to the Company, is well shown in the report of the Comptroller of the State of New York for the year 1858.

LIABILITY TO MILITARY DUTY.

Many Citizens entertain the opinion, that to make them liable to Military duty, the law requires they should be served with a personal notice of such liability. Such, however, is not the fact, as in the case of absence or refusal to receive the notice the same may be left at the residence, which is a sufficient service of the notice under the law (Title X, sec 9 Militia Law, passed April 17, 1854); and further, that no Certificate of a Physician or Surgeon, as to the sickness or inability of any person to do Military duty, shall excuse such person from the performance of such duty, or exempt him from enrollment therefor, unless the same is allowed by the Court of Appeals (Article XLII, Sec 358, passed April 6, 1858).

The following decision is quoted in support of the above statement:

COLLECTION OF MILITIA FINE.

MOORE vs. MORRIS.—This was an action brought by the plaintiff to recover of defendant \$35 damages. The defendant, who is Military Marshal, by virtue of a warrant placed in his hands, levied on the property of plaintiff (not a citizen of the United States), who had failed, after being duly notified, to render his excuse before the Military Court of Appeals, and plaintiff was fined for default. A verdict was rendered in favor of the defendant. This is in accordance with a decision made some years ago, by the Supreme Court of this State, Chief Justice Kent presiding, when it was decided as follows: "Every male inhabitant about eighteen years of age, and under forty-five, is, *prima facie*, liable to be enrolled in the militia; and how are the commandants of companies to know that a person is exempted from military duty, unless he claims his privilege? It is the duty of the officer to return all defaulters to the court-martial as delinquents, unless they claim their privilege, and offer proper proof that they are entitled to the exemption given by the statute."—*Vanderbilt vs. Downing*, 11 J. P. 22. Messrs. Clegg and Semler appeared for the plaintiff, and General James Pitkin for the Marshal.

What is "Legal Residence" within the meaning of the Constitution of this State.

This question is asked by many persons, who for years have been resident of, and have done business in, this city. In the fall, winter, and spring, they keep house or board in town, and in the summer take board, with their families, at some place in the country.

lies, in the country—some in this State, some in New Jersey and Connecticut.

Truth compels us to say, that the only real object of leaving town in the summer, on the part of many of them, is to raise a question, or rather a quibble, as to their residence, so as to avoid jury duty, military fines, and to escape onerous city taxation.

Let all such people understand, once for all, that they "take nothing" by such a course; neither do they in any way or manner escape

or avoid any of the duties or responsibilities of "good citizens."

1st. They are legal voters.

2d. Taxable inhabitants.

3d. Liable to jury and military duty, within the meaning and express terms of the statute.

4th. Their transient stay, for a time, at a place, does not make them residents while there: 19 Wendell, 14; 4 Greenleaf, 231; 8 Wendell, 140; 1 Blaney, 349; Constitution of the State of New York, art. 2, sec. 3.

WESTCHESTER COUNTY PURE MILK ASSOCIATION

We, the undersigned Association, would inform the inhabitants of Brooklyn, and all those who are desirous of obtaining Pure and Wholesome Country Milk for their families—and especially those who have small children under their care—that we now open a Milk Trade in this City, with a far different article than a majority of the families in this community have ever been blessed with.

Our patrons and acquaintances in New York, whom we have served with Milk for the past nine years, being anxious that their friends in the neighboring City should not be compelled to purchase a poisonous composition, vulgarly called "Swill Milk," have persuaded us to form an Association for the sale of **Pure Westchester County Milk**, and establish it here for the benefit of those who are otherwise deprived of the privilege of obtaining it.

All orders will be promptly attended to by applying to the drivers of our wagons or at the Depot,

No. 134 Fulton St., cor. of Middagh St., Brooklyn,

OR AT THE DEPOT,

No. 139 East 37th Street, New York.

C. SMITH, President.

This is to certify that we, the undersigned, farmers of Westchester, Dutchess and Putnam Counties, are now supplying the above Association with **PURE AND UNADULTERATED MILK IN EVERY RESPECT**, which we raise with the utmost care on our own farms:

ALSO THE

Patent Parlor Heaters,

FIRE-PLACE STOVES,

To heat from two to four rooms from the same fire: they combine the advantage of a FURNACE and STOVE, as there is a current of cold air brought in, warmed, and diffused throughout the rooms as desired. This Stove has been well tested, and put up under guarantee to give satisfaction, and when set up makes a beautiful ornamental finish. In this Stove we have made an improvement that protects the Mantel from heat, and at the same time adds much to the heat of the Stove, as there is an air chamber formed over the top of the fire, for heating the air, which prevents the air from escaping until thoroughly warmed.
